

GREATER ROCHESTER TRIUMPH TOURING CLUB

TRIMPHANTLY YOURS

OCTOBER 12, 2012

Friends,

Although there's a chill in the air there is still time to get out there and enjoy our triumphs, our friends and good weather. I heard on the radio coming into work this morning that although this weekend is expected to be cool the leaves in our area are at their peak. I would highly suggest if you haven't already, that you take a drive to enjoy the fall foliage, I've been traveling around the state a bit lately and can attest to the fact that the foliage is beautiful, but the leaves are already falling so make haste.

EVENTS

Speaking of enjoying the weather we have a few events coming up to help you enjoy the weather with friends, including enjoying the fall foliage, or a warm winter cabin. Check out our coming events.

GRTTC Holiday Party

Saturday January 12, 2013

Eagle Vale Golf Club, Fairport, NY

We are in the process of planning the GRTTC Holiday Party which will be held Saturday, January 12, 2013, at Eagle Vale Golf Club. Those who attended this past years party enjoyed the Eagle Vale menu and facility so we decided to have it there again in 2013.

There will be more information provided as the planning continues.

Cabin Party III at Webster Park

Saturday, February 10, 2013

Cabin Party III will be held on Saturday February 10th at the Kanatota A Lodge in Webster Park. Lodge is on Lake Road, about one half mile west of Holt Road. Club will provide lots to eat along with soft drinks, and hot drinks, Italian bread & snacks. We'll have some games and take a hike through the adjacent Boy Scout camp. Admission for this event will be a plate of cookies or other dessert.

MYSTERY CAR

Congratulations to Andy Paris and Doug Jack who both had essentially correct answers. The care shown is one of a number of Ford concept cars rumored to be the basis of the new 2015 Ford Mustang.

Personally I hope they keep the Mustang more in line with its current look. Out of the three major sports cars introduced in the 60's, the Mustang, the Corvette and the Camero, the Mustang is the only one to keep the "look" it was introduced with.

SO? WHAT IS IT?

I will need a very specific answer to the "What is it" for this month.

Final Note

Just a reminder that we are always looking for new members, many of us have seen people at car shows with their triumphs and know they are not current GRTTC members. In the near future we will have "Business Cards" available to place on windshield which will invite people to join with contact information. If you have ideas on how we might grow our club please share your thoughts.

Enjoy the last few months of good weather, drive safe.

Cheers,

Craig
